

Logistics Support Representative

**Jack Link's
Head Office EMEA in Amsterdam**

Jack Link's is not made up of a bunch of button-up, corporate types. Like our brands and products, we believe in being authentic and genuine. Life is too short to be artificial. We have never done things the way everyone else does. Over the years, for us these facts have always been more than just a way of doing business, it has been a way of life.

What makes working at Jack Link's so special? Jack Link's is a company for personal growth, for awesome characters who are real, love speed and with great self discipline. You can feed your wild side while working in a very international and fresh environment. We push hard and take risks - with the unwavering passion to get done what we have set out to do. All backed up by an unflinching eye on quality.

Jack Link's is a family owned and value driven company. In April 2014 Jack Link's bought the brands BiFi and Peperami from Unilever. The remainder of the year was used to separate the brands and organisation from Unilever as well as set up a new head office organisation in Amsterdam. In 2016 the Beef Jerky business was integrated and Jack Link's EMEA was up and running autonomously. In the meantime, Jack Links EMEA has grown to 50 employees and is still growing.

Based in Amsterdam we have an open position for an enthusiastic

Logistics Support Representative

who is interested to support the supply flow of our protein snacks products between our manufacturing units, our warehouse and our customers.

In this position you will report to the Logistics Manager EMEA

Purpose of the Job

Support the Logistics department to ensure timely delivery of the right product in the right quantity to the customer by means of third parties.

Who are we looking for:

Thanks to your analytical capabilities, you will continuously add value to the daily service performance towards our EMEA customers. You will take the lead to analyse, correct and monitor the inbound and outbound flows and you will target accurate stock alignment within the supply flow. You like to work within a team as you'll be closely in contact with our 3PL, the customer service department & demand planning team.

Key accountabilities

- Review & analyse stock-inaccuracy & guarantee accurate stock alignment between SAP and the Warehouse Management System based on available information among stakeholders
- Interact with our German 3PL, the customer service team, the planning team and your logistics team
- Follow monthly the KPI's and recommend improvements to strengthen stock accuracy and outbound on-time deliveries
- Responsible for troubleshooting activities to ensure delivery of required goods
- Responsible to liaise and communicate with internal stakeholders and third parties to ensure all stakeholders are informed
- Embracing the Jack Link's culture, incorporating its values into every day work life, acting as a culture ambassador and brand steward

Experience required

- A Bachelor degree
- At least 2 years of relevant experience in logistics
- Advanced experience in SAP

Professional skills & key competencies

- You have experience with warehouse management, transportation and stock management
- Experienced with Microsoft applications, especially highly experienced with excel
- Deep understanding of logistic processes
- Fluency in English
- Fluency in German is considered a plus
- Feels comfortable to recommend ideas for efficiency & effectiveness improvements.
- Good communication and influencing capabilities
- Team player

What we offer you?

- A fulltime job in an international company, with its global head office in the US and the EMEA head office in Amsterdam.
- Excellent working conditions and a more than competitive salary, including performance related variable reward and pension scheme.
- We pride ourselves on having a high performing and collaborative culture where we offer support and development to enhance your career and develop your knowledge and skills.
